Teimlo'n dda

Mae Lorraine a Steve o Lannon wedi bod yn Ofalwyr Lleoliadau Oedolion ers dros dair blynedd. Daeth hynny'n naturiol iddyn nhw, gan fod rhieni Steve hwythau'n ofalwyr tebyg.

Nawr, gyda'r ddau ohonynt yn 31 oed, a chanddynt ddau blentyn eu hunain, a gyda chwaer 17 oed Lorraine yn byw gyda nhw hefyd, maen nhw wrth eu bodd ar eu haelwyd brysur.

"Rwy'n gweld bod yn Ofalwr Lleoliadau Oedolion yn rhannol fel swydd, ond hefyd fel uned deuluol - mae ganddo'r un cyfrifoldebau â swydd, e.e. polisïau a gweithdrefnau, ond rydych chi'n croesawu pobl i'ch cartref, yn rhoi croeso iddyn nhw, ac yn eu gwneud yn gyfforddus, ac yn bennaf oll yn gartrefol," meddai Lorraine.

"Rydym ni'n cefnogi dau ŵr bonheddig y mae'n bleser eu cael yn byw gyda ni. Y llynedd, aethom ni ar wyliau gyda'n gilydd i Ffrainc. Mae un o'r ddau, sy'n 71 oed, yn fyddar a heb leferydd, ac mae'r llall yn 63 - doedd y naill na'r llall erioed wedi bod ar awyren nac ar wyliau tramor, ac roedden nhw wrth eu bodd. Roedd eu gweld nhw'n cael profiadau newydd a'u helpu i deithio yn brofiad da iawn.

Mae'n beth gwych gallu cynorthwyo pobl i fyw bywydau hapus, llawn boddhad, na fyddent yn bosibl heb gymorth."

Ychwanegodd: "Fel yn achos bywyd, rydych chi'n cael dyddiau da a rhai gwael, ond mae'n werth gweld bod eich cymorth yn gwneud gwahaniaeth ac yn galluogi pobl i ddod yn fwy annibynnol ac i gael profiadau na fydden nhw'n eu cael fel arfer.

Os ydych chi'n berson cefnogol, gofalgar, ac mae lle yn eich cartref, mae'n werth ystyried dod yn Ofalwr Lleoliadau Oedolion, gan y byddwch yn gwneud gwahaniaeth nid yn unig i fywyd rhywun arall, ond hefyd i'ch bywyd eich hun. Mae gweld pa mor hapus a bodlon gall person fod wrth rannu eich cartref yn werthfawr dros ben."

Lle Gwell

Mae cymuned amaethyddol yn Nyffryn Tywi wedi cael modd i fyw yn sgil agor pont newydd.

Pan fu'n rhaid rhoi terfyn pwysau 3 tunnell ar Bont Fferm Glandŵr roedd y trigolion yn ofni y byddai'n cael effaith negyddol ar fywydau pob dydd.

Ymatebodd y Cyngor yn ddi-oed gan fod yn rhaid rhoi cynllun pwysig ar waith i gryfhau'r bont oherwydd yr effaith ddifrifol ar y gymuned.

Yn ogystal â dylunio pont newydd, bu'n rhaid cael caniatâd gan Asiantaeth yr Amgylchedd i ddraenio'r tir a bu'n rhaid prynu darnau o dir preifat gan dirfeddianwyr cyfagos cyn cychwyn ar y gwaith adeiladu.

Meddai Gill Wright, Tŷ Glandŵr: "Roedd y terfyn pwysau yn effeithio ar bedair fferm a busnes gwely a brecwast. Roedd yn broblem fawr oherwydd 'doedd lorïau cludo porthiant a chyflenwadau eraill ddim yn gallu defnyddio'r bont ac mae'r ffordd arall i'r dyffryn yn gul iawn. Roedd yn bwysig iawn fod y gwaith yn cael ei gyflawni ac roedd pawb oedd yn gysylltiedig â'r gwaith o'r cynllunwyr i'r syrfewyr yn ardderchog."

Annual Report – Building on Success

Performance for 2009/10 and Improvement for 2010/11

Welcome to the Council's Annual Report and Summary Improvement Plan for 2010/11.

- This report looks back at our successes and achievements over the past year.
- It also looks forward at our priorities and key targets for the coming year.

You the Jury

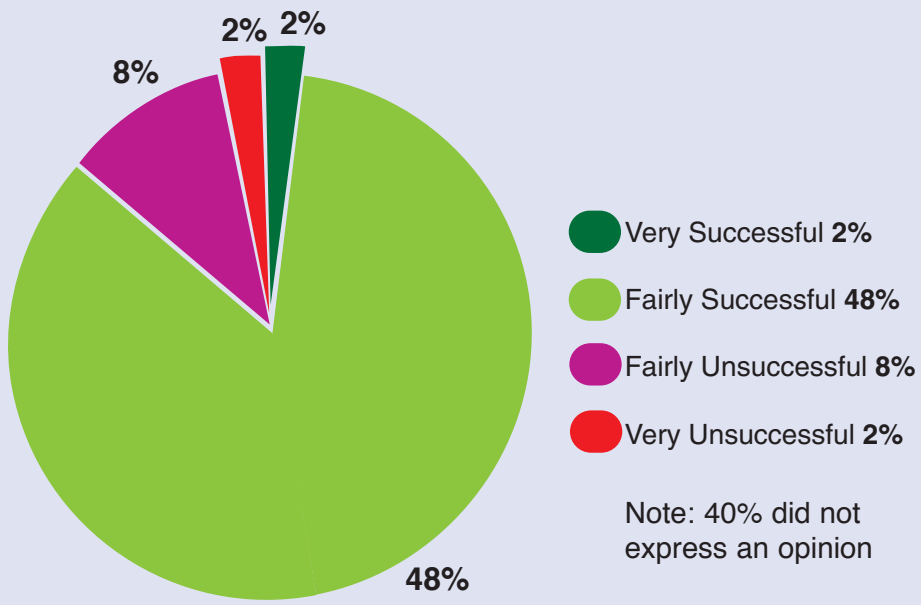
Citizen's Viewpoint

Carmarthenshire County Council's mission is to 'improve the way we live and work'. In January 2010, Carmarthenshire's 700+ strong Citizens Panel were asked –

"How successful or unsuccessful would you say that Carmarthenshire County Council is in achieving this mission?"

By a ratio of 5 : 1 the response was that we were successful This was a very pleasing result and compares favourably with the previous years results

50% ☺ v 10% ☹



Building a Better Council and Making Better Use of Resources

Save money, save energy, save the Polar Bear - encouraging individuals to live sustainably….
Two children from Ferryside primary school with CHES - Carmarthen Home Energy Scheme Polar Bear at the launch of Byw Sir Gar / Living Carmarthenshire scheme. This was a pilot project to explore how Carmarthenshire County Council and partners can best encourage individuals and communities to live more sustainably to help address the challenges associated with climate change.

How we did in 2009/10?

✓ We achieved the Platinum Level of the Corporate Health Standard. This recognises business excellence in taking full account of corporate responsibilities and demonstrating sustainable development as an integral part of business practices and culture.

✓ In partnership with the Local Service Board we launched an innovative new scheme to help individuals and communities in Carmarthenshire reduce their carbon footprint and tackle climate change. The multi-agency 'Byw Sir Gâr - Living Carmarthenshire' project was piloted in Ferryside and received positive public and media response.

✓ The Council, alongside the Welsh Language Board, supported Parc y Scarlets to be the first Rugby Region in Wales to have adopted a Welsh Language Scheme and to gain the "Investing in Welsh" status

✓ We achieved over 3 million pounds efficiency savings

✗ Unfortunately we did not reach our 09/10 target for carbon reduction in our non domestic building stock

✓ The national Customer Service Excellence award (the successor to 'Chartermark') has been achieved for Carmarthenshire Direct

What are we going to do in 2010/11?

- We will work with partners to make better use of resources and realise savings and prioritise services in the very difficult budgetary constrictions ahead
- We will be installing 'smart meters' across the Council's buildings to enable suppliers to produce invoices based on actual consumption
- To provide details of Members' Allowances on-line
- This year we will engage a leading national Market Research company to do a Residents Survey for Carmarthenshire to ensure we continue to deliver citizen's priorities

Feeling Fine

Lorraine & Steve of Llannon, have been Adult Placement Carers for over three years. To them, it came naturally, as Steve's own parents were also carers of the same nature.

Now, both aged 31, and with two children of their own, and with Lorraine's 17-year-old sister also living with them, they get the greatest pleasure from having a busy household.

"I partly see being an Adult Placement Carer as a job but also as a family unit - it has the same responsibilities as a job, such as policies and procedures, but you welcome people into your homes and make them welcome and comfortable, and most of all at home," said Lorraine.

"We support two wonderful gentlemen who are a pleasure to have living with us. Last year, we went on holiday together to France. One gentleman, aged 71, is deaf and without speech, and the other is 63 - neither of them had been on a plane or a holiday abroad, and they absolutely loved it. To witness their new experiences and to support them to travel was a really good experience.

It's a wonderful thing to be able to support people to live happy fulfilling lives that may not be possible without support."

She added: "As with life you get good days and bad, but what makes it worthwhile is seeing that your support is making a difference and enabling people to become more independent and to have experiences that they would not normally have.

If you are a supportive and caring person and you have room in your home then it is worth considering becoming an Adult Placement Carer as you will be making a difference not only to another person's life, but your own. The rewards of witnessing how happy and content a person can become by sharing your home is worth it."

A Better Place

A FARMING community in the Tywi Valley have been given a new lease of life - thanks to a new bridge.

When a 3 tonne weight limit had to be imposed on Glandwr Farm Bridge, residents feared the impact it would have on their daily lives.

The council acted swiftly as a major bridge strengthening scheme needed to be carried out due to the severe affect on the community.

As well as the design of the new structure, land drainage consent had to be approved by the Environment Agency, together with the acquisition of privately owned land from adjoining landowners prior to construction works commencing.

Gill Wright of Ty Glandwr said: "There are four farms and a bed and breakfast that were affected by the weight restriction, it was a big problem as lorries bringing in feed and other supplies were not able to use the bridge and the other road leading in to the valley is very narrow indeed. It was very important that the works were carried out and everyone involved from the planners to the surveyors were great."

Investment and Innovation

"**In February 2010 I was offered, and accepted an employment opportunity through the Future Jobs Fund project.**
My time spent at my post as an Administrative Assistant helped me on a number of levels; from learning specific job role duties, to my general time-keeping and punctuality. Being back in a working environment has got me used to following a daily routine again, which I didn't have during my time of unemployment. Working with colleagues, as well as being trusted to use my initiative and take on my own responsibilities, has given me a huge amount of confidence back, not only in the workplace, but also in my social life.

I have now been accepted for a position within Carmarthenshire County Council on a further contract. The support I got from the Liaison Officers on the project is a massive help, and I truly believe that the time and effort that they spent working with me, was the reason I was successful in getting the new post that I've been accepted for. I would love to see this project continue on for a long time to come, as it has been a great help to myself and I'm sure many others."

Opening Doors

"**My daughter and I use many of the services which Flying Start offer, such as the free childcare sessions in Cylch Meithrin Felinfoel, the Storybus, the Language and Play sessions in Ysgol Y Felin and the Storytelling sessions in the Library.**

I enjoy going along to meet other parents and it has also been very good for both my daughters, Lily and Jessica. Lily has recently started at Ysgol Y Felin and I thought she would cry, but because we go there every week for Language and Play and she was used to going to the Meithrin everyday, she had no problems at all. Jessica used to be very shy and would not leave my side, but by going along to all the activities and courses available to us, she has grown in confidence. Jessica is learning a great deal, including the Welsh language and most of all, she loves going along to everything to play and see her friends."
